(54) Title: METHOD AND APPARATUS FOR ADDRESSING MEDIA RESOURCE, AND RECORDING MEDIUM THEREOF

(57) Abstract: Disclosed are a media resource addressing method and a recording medium thereof. The media resource addressing method for a media file which includes a meta data box including a DID and a media data box, comprises extracting a corresponding media resource according to reference information of the media resource recorded in the DID; storing the extracted media resource in the media data box; generating standard location information of the media resource; storing the generated standard location information in the meta data box, and filing the meta data box and the media data box.
